Copy of D.Dis.376-39 (Rules) – recd.

From the Press Communique dated the 5th September 1939, issued by the Government of India, it is seen that students from India should not sail to the United Kingdom now.

SN1
R.DS.2.23(1)38
(S)

Under rule 2 of the scholarship rules, the scholarship may be tenable in any other country than Great -- Britain. Unless therefore we get specific instructions from the Government of India, it seems we cannot withhold action in the matter. The candidate selected during the year may be sent to the United Kingdom when conditions become normal. If approved, a reference may be made to the Government of India.

Central State scholarships are awarded only for special purposes and for study in any branch of knowledge for which suitable facilities do not exist in India.

7

Ample facilities exist in India for the study of medicine and hence an application for such study in Great Britain does not appear to be covered by rule 3 of the rules.

The Central State Scholarship rules are at page 2 of R.Dis. File 223 (1) of 1938.

13

Briefly, a candidate from the Civil and Military Station, Bangalore, should fulfil the following conditions to be eligible for the scholarship:-

Rule 1 ✓ in rules at (S) ✓

1. He should be a student who is by birth or domicile a native of the C & M Station provided that a student domiciled in British India will be eligible for the scholarship if he has not applied and does not propose to apply for a scholarship awarded by a local Government and his parent or guardian being a servant of the Government of India has educated him in the C & M Station.

Rule 3 ✓ of the rules at (S) ✓

2. He should be a qualified hand which means that the candidate should have demonstrative capacity to profit by further studies abroad - no specific qualifications have been prescribed by the Rules.

3. He should not be a Government servant who is -- eligible for study leave.

Vide note on page 1 of the rules at (S) ✓ This is the most important rule in this case.

Rule 3 of rules at (S)

4. The scholarship will be awarded only for special purposes such as those mentioned in clauses (a) ✓, (b) ✓ & (c) ✓ of rule 3. ✓

14

(1) Mr. E.H. Jansen is of course qualified for further studies at Oxford but as he has not established that he is a native of the C & M Station either by birth or domicile, his -- application need not be considered. He has not also sent a medical× certificate.

(SN.8) (B) ✓

× Rule 2 under Sec. B of the Rules. S

(2) ✓ Miss Maude Stephens. She has not passed any University examination. She has already passed Parts I and II -- of the National Froebel Union Certificate in India. It is not known whether the remaining parts cannot also be completed here. ~~It does not seem that this course confers a University~~

(SN.9) (B) ✓

University degree for which the Central State Scholarship is intended. This application also need not be considered.

(3) A.T. Ponnurangam. The candidate is only a student of the junior B.A. class and it is too early for him to apply for this year's scholarship. He has to wait. This application may also be ruled out.

(SN. 10) B

(4) Mahamuda Latheef has already taken a degree of Bachelor of Arts. She is now studying for the M.A. degree. The result will be announced in March or April next. This appears to be a very good effort on the part of a Muslim girl. She is, as the Inspector says, the only Muslim woman Graduate in the Civil and Military Station. After taking her M.A. degree she will be quite fit to profit by further studies in England. This is a deserving - - candidate, but the Inspector thinks that she is not brilliant though of more than average ability.

(SN. 11) B

(5) R. Norris. The Inspector has correctly given him the first place in his recommendation. He is eligible for the scholarship. His idea is to study in advanced - - Physics. He is an Honours Graduate in Science. ~~and is also eligible for the Science Research Scholarship awarded by the Royal Commission for the Exhibition of 1851.~~

(SN. 12) B

15

We need recommend only one candidate, and the choice seems to lie between Nos. 4 and 5.

For orders.

16. ¶ 14 (1) James's purpose does not come under the conditions & is not likely to produce valuable fruits. May be struck out.

17. ¶ 14 (2) Nanda Stephen is eligible & highly commended.

18. ¶ 14 (3) Somnath can may be struck out.

19. ¶ 14 (4) Nahunda Latif can be struck out ~~that~~ on the grounds ~~that~~ this is a very special, & explosive scholarship, ~~for~~ from which only absolutely first class students will get full benefit.

20. ¶ 14 (5) Norris is head & shoulders over any other applicant. Prof. Raman thinks highly of him. He must obviously go abroad to get the further training he requires. His work is of a kind to produce benefits not only to all-India but to international science. Finally he is an Adi-Dravida.

21. Therefore Norris wins and may be recommended accordingly. RG

22 Mr. Thompson appears to be making a mistake. As I read the rules, there is only 1 Scholarship going, its amount varying according to the destination of the holder. I see no harm in forwarding all applications save that of Mr Ponnampalam: this appears to be contemplated in Rule B(1). We will strongly recommend Ponnambalam, who seems to have a very strong claim being a very brilliant Adi-Dravida boy likely to have a distinguished Scientific future. (Verify from Inspector of Schools that Tamils belong to the Station. Presumably so).

The Secretary
to the Hon. the Resident in Mysore,

With reference to your notification R. Dis. No. R 566-39/Lg & St dated 1-12-1939, I beg to apply for a Central Government Scholarship.

As regards my family connection, I beg to state that I belong to an old and leading Arcot Mudaliar family. My paternal grand-father late M.R.R.Y. Arcot

Ponnurangam Mudaliar bore half the cost of erecting a Government Taluq School house at Arcot, when education was very backward in Southern India. My ancestors rendered appreciable services to the Carnatic Nawab family in different capacities. My paternal uncle late M.R.R.Y. Arcot Rajahbahadur Mudaliar, B.A., Tassildar, Masulipatam was recommended by the then Collector for the Dewanship of the Udayarpalayam Samasthanam. This position he held for over a decade (till his demise in 1927.) and rendered yeoman service to the Zamindari. My senior grand-father late M.R.R.Y. Arcot Narayanaswamy Mudaliar held the position

of the Period Bukshee during the Pre Rendition days of the Mysore State, under the then Commissioner Mr. Bowring and rendered distinguished service. My father M.R.R.Y Arcot P. Thiruvenkataswamy Mudaliar worked as an Indian Store-Keeper in the Supply Reserve Depot, 9th. Secunderabad Division, Madras during the last Great War, and in consideration of his good and appreciable work he was subsequently taken on to the Madras Ordnance Department as Supervisor, Tent Repair Shop vide copy of discharge certificate herein enclosed. My junior uncle M.R.R.Y. Arcot V. Sreenivasa Mudaliar recently retired from A.S.C. the

Nizam's Service as the Government Auditor, Nizam's State Railway, Secunderabad. (Deccan.)

I am now a student of the B.A. Junior Class, St. Joseph's College, Bangalore with Economics, Politics and History. With the help of this scholarship my desire is to graduate myself from an English University taking Economics and History.

I am a keen sportsman and won several cups and medals in various sports such as College, School, Police and other public sports together with certificates in the Madras Inter-Collegiate University Sports, Mysore Olympics,

please vide copy of certificate enclosed. In the recent St. Joseph's College Sports, I beg to state that I won the first Championship vide extract from the Hindu dated 30-11-1939 herein appended,

B'lore, November 29.

The Annual Sports of the St. Joseph's College, took place yesterday under the immediate presence of the Hon. the Resident in Mysore. After the conclusion of the several events, the Resident distributed the prizes. Ponnuvangam carried away the Individual Championship.

I was born in Madras and the date of

my birth is 1-10-1919.

I herein enclose a Medical certificate of physical fitness.

Should the benign British Government be so gracious as to take my family history into consideration and confer on me a scholarship, I shall be ever grateful.

I beg to remain,

Sir,

Your most obedient servant,

A. I. Ponnuvangam.

1 With reference to your letter R.Dis.No.F.566-39/G. & A., dated 19th December 1939, I have the honour to state as follows:

2 E.H. JANSEN. This candidate seems on the whole to have had a distinguished college career so far, though he has yet to appear for the Final B.A. Honours Examination. He submits no testimonials, but his letter speaks for itself, and I have little doubt that he would do full justice to his studies at Oxford. I have never met the young man, but I know his sister, who is a teacher at the Baldwin Girls' High School and a very successful teacher, too, with a good manner.

3 MISS MAUDE STEPHENS. I have examined this candidate for a teachers' certificate, and endorse the opinions expressed regarding her capacity by the several persons who have furnished testimonials. For the scholarship of £.216/- a year I know of ~~of~~ no fitter candidate. Before taking holy orders, Miss Stephen's father, the Rev. S.B. Stephens, was an assistant master of the Lawrence Memorial Royal Military School, Lovedale,

where ...

where I met him in 1925 as Inspector of European Schools, Madras.

4 A.T. PONNURANGAM. A good student and a Government scholarship-holder, but it is too soon to judge of his capacity.

5 MAHAMUDA LATHEEF. A student, as one testimonial states, of more than average ability, but not brilliant. She wishes, apparently, to take a course in education either at the Institute of Education, London, or at Leeds. Her case needs sympathetic consideration mainly on account of the fact that she is "the first and the only Muslim woman graduate in the Civil & Military Station".

Enclosure 6 to SN.11 (B)

6 R. NORRIS. This candidate is an honours graduate in Science of the Mysore University, and an Adi-Dravida by caste. Considering his handicaps, which must have been many and serious, he has done remarkably well. Sir C.V. Raman says that he feels sure that he will do credit to himself by proceeding to the University of Cambridge for further studies in advanced Physics. If this opinion is to be accepted at its face value - and personally I see no reason why it should not be so accepted - then this is the best qualified of the five candidates, and ought naturally to be recommended for the Collegiate Scholarship of £.335/- per annum.

7 My recommendations are therefore as follows:

1. That R. Norris be recommended for the Collegiate Scholarship of £.335.

2. That failing him, E.H. Jansen be recommended for it.

3. That Mahamuda Latheef be recommended for the scholarship of £.300 per annum to enable her to pursue a course of studies in Education.

4. That Maude Stephens be recommended for the scholarship of £.216 per annum.

I have the honour to be,
Sir,

Owing to the outbreak of war and closing of the Statistics Department of University College, it was not possible for Mr. Ekambaram to continue his original course. No statistical equivalent degree is awarded elsewhere; but the most satisfactory substitute is the Mathematical Tripos, University of Cambridge, and it was possible to arrange for his admission to Christ's College, Cambridge, for that course.

DEPARTMENTAL OBSERVATIONS.

This scholar satisfactorily completed his course of studies and was awarded the Ph.D. of the University of London. Arrangements were made for him to continue his research with a view ultimately to the D.Sc. but at the outbreak of the war, it was doubtful if Professor Gates would be in a position to provide the necessary facilities. He has, however, been able to do so and Dr.Srinath is continuing his work during the present session at King's College which has evacuated to Bristol.
